

Gedling Local Planning Document

(Part 2 Local Plan)

Inspector's Request

Amended Housing Trajectory and 5 Year Housing Land Supply

During the Hearing sessions undertaken so far, the start dates, delivery rates and projected completions for dwellings on a number of allocated sites, both strategic and non-strategic, have been clarified by participants. On this basis, the Council has agreed to prepare an amended Appendix A – Local Planning Document Housing Trajectory and a revised 5 year housing land supply calculation which take into account any changes already discussed and any which may be highlighted on Day 7 of the Hearings next week. These documents, along with any supporting statement, should be submitted by the Council no later than Friday 31 March 2017. Following this, I will seek the views in writing of interested parties, prior to considering whether or not to hold a further Hearing at which these amendments will be discussed. As such, this matter will not be discussed at the Contingency Session to be held on Thursday 23 March 2017.

Karen L Baker

Inspector
