

Gedling Local Planning Document

(Part 2 Local Plan)

Inspector's Request

Revised Housing Background Paper Addendum, March 2017, and Revised Policy LPD 63 (Housing Distribution)

Following the Hearing sessions I asked the Council to prepare an amended Appendix A – Local Planning Document Housing Trajectory and a revised 5 year housing land supply calculation which take into account any changes already discussed during the course of the Hearing sessions. The Council produced a Revised Housing Background Paper Addendum, March 2017, [EX/104] on 31 March 2017. Furthermore, the Council has amended Policy LPD 63 (Housing Distribution) [EX/105] in the light of this revised information.

As set out in my request [EX/86], dated 15 March 2017, I am now seeking the views in writing of interested parties. I would be grateful, therefore, if any interested party wishing to make comments could do so in writing by 1700hrs on Wednesday 19 April 2017. Any comments should be limited to no more than 2,000 words and relate specifically to the amendments/revisions set out by the Council in these documents. Following my consideration of these responses I will decide how to proceed, including whether or not a further Hearing session would be necessary to discuss these matters.
