Dear Carmel

I just wanted to add a further comment to Linby PC's submission that was not covered in our initial response

Matter 5 – Question 18

I feel 230 homes in the last 5 years is not appropriate when the freedom of information that I requested shows that this figure has already been exceeded in the first 2 years of the adopted plan.

Table 14 of the Authority Monitoring Report 2014/15 contains the number of homes on windfall (unallocated) sites.

Table 14: New homes (net) completed on allocated and unallocated sites

	Completions	Allocated	% allocated	Unallocated	% unallocated
2011/12	275	134	49 %	141	51 %
2012/13	227	170	75 %	57	25 %
2013/14	321	195	61 %	126	39 %
2014/15	311	154	50 %	157	50 %
2015/16	174	48	28 %	126	72 %
TOTAL	1,308	701	54 %	607	46 %

Kind regards
